## WHO GAVE FIRST TEST OF HIS SERUM TO-DAY. FORTY DOCTORS WATCH FRIEDMANN TEST CURE ON THREE SUFFERERS

First Demonstration of Tuberculosis Serum by German Scientist Made at People's Hospital on Second Avenue.

CHOOSES SUBJECTS FROM FIFTY EAGERLY WAITING

Some of Expert Observers Denounce Claims and Methods of Inoculation, Others Say "Wait."

Dr. Friederich Franz Friedmann, the German bacteriologist who ELSE," JUDGESAYS of the United States to prove that he has a serum which will aid in the cure of tuberculosis, gave his first treatment to patients on this side of the Atlantic to-day, to a woman and two men, at the People's Hospita at No. 103 Second avenue. Some of the forty physicians who aftende. the clinic came out expressing frank disapproval of Dr. Friedmann's training in bacteriology. Others denounced him angrily for selecting patients whose cases were, they said, not fair tests of the serum. Other felt that all judgment should be suspended to await results.

When the German physician gave Health Commissioner Lederic a tube his cultures vesterday Dr. Lederic said that Dr. Friedmann had thereby removed any objection the Board Health might make against the trial of

FIRST TEST OF SERUM.

Dr. Landesman, the head of the People's Hospital, had for several days clinic in the little hospital in Second
